

CR10

Westone®

- Optimal noise isolation and comfort for intense activity and motorsports
- Micro balanced armature driver design
- Custom fit, hand-crafted in Colorado, USA

The CR10 is for active individuals who love their music and want to upgrade from stock stereo earbuds. Perfect for travel, exercise, or motorsports, the CR10 is driven by a set of high quality drivers in a pair of full shell custom earpieces. Compatible with virtually any personal audio device, the CR10 comes with a 50-inch hardwired black cable and 3.5mm stereo plug. Standard with Gunmetal Black faceplate and clear earpieces, but additional color options are available. Only in vinyl.

Designed and Assembled in Colorado, USA

HIGH PERFORMANCE EARPHONES

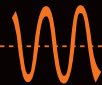

Ideal for:

Motorsports, Activity Users

Westone Custom-Fit Technology

Fully custom earpieces are cast, sculpted, and polished by hand from actual impressions of your ears, resulting in the best fit and acoustic seal possible.

Balanced Armature

Westone's balanced armature drivers are significantly more compact and efficient than traditional dynamic drivers. Westone monitors provide enhanced sonic detail and frequency range that extends well beyond typical in-ear solutions.

Made in the USA

Meticulously built by a staff of dedicated artisans and lab techs, Westone's USA products exhibit a level of craftsmanship that truly embodies America's rich history of handmade artistry.
