

UNIVERSAL **W40**

# Westone® W Series

- Designed for the music enthusiast
- Quad-driver armature driver design
- Unique, round, warm sound and sharp articulations

The W40 earphone will take your listening experience to an entirely new level. Four balanced armature drivers (two low, one mid and one high) and a three-way crossover network deliver breathtaking clarity and realism.

<b>CABLE LENGTH:</b>	50" / 128 cm
<b>FEATURES:</b>	Premium comfort tips, mini-monitor vault, cleaning tool, and 2-year warranty

## HIGH PERFORMANCE EARPHONES

**Ideal for:** Personal audio and video devices.

### Westone True-Fit Technology

50+ years experience with in-ear applications has yielded a low-profile, lightweight, universal earpiece which delivers maximum comfort and in-ear coupling for dynamic transfer of sound.

### 3-Button MFi Control System + Mic

Function control for Apple® products including volume +/-, tracking +/-, phone answer, and Siri activation.

### Replaceable Cable

High-strength, ultra-low resistance tensile wire design with aramid fiber.

### Balanced Armature

Westone's balanced armature drivers are significantly more compact and efficient than traditional dynamic drivers. By combining multiple balanced armature drivers with sophisticated crossover networks, Westone monitors provide enhanced sonic detail and frequency range that extends well beyond typical in-ear solutions.

### Exchangeable Faceplate

Black, blue and red color faceplates with secure attachment.

### Mini Monitor Vault

Constructed of a high-impact polymer, it's the perfect size for travel and storage. Features a protective foam interior and weather resistant design.
