

July 24, 2024

Dear Parent or Guardian,

I hope this letter finds you and your family in good health. I am writing to inform you of an upcoming change which may affect your child’s health care. After much thought and consideration, I have decided to transition from my regular pediatric practice at ARC Hutto and begin working intermittently, as needed, to help my ARC colleagues.

- **Friday, August 02, 2024**, will be my last day seeing patients at ARC Hutto.

Please disregard this letter if your child is not a regular patient of mine, their care at ARC will not change.

It is very important to me as well as ARC that your child maintains continuous health care. ARC’s electronic medical record system allows your child’s records to be accessed from any ARC location and ensures that both my notes and your child’s medical records will be available for their future care.

At ARC it is our standard that we support our partners and take care of each other’s patients. I have complete trust that my colleagues are more than happy to welcome your child to their practice and will take excellent care of their health.

**I recommend these pediatricians at the following ARC locations:**
