

December 21, 2022

Dear Patient,

I hope this letter finds you and your family in good health. I am writing to inform you of an upcoming change which may affect your health care. After much thought and careful consideration, I have decided to transition my career outside of Austin Regional Clinic to focus on family. This comes with mixed emotions since ARC quickly became my professional home.

- **Friday, December 30, 2022 will be my last day seeing patients at ARC Southwest.**

Please disregard this letter if you are not a regular patient of mine, your care at ARC will not change.

It is very important to me as well as Austin Regional Clinic that you maintain continuous health care. ARC's electronic medical record system allows your records to be accessed from any ARC location, and ensures that all my notes and all your medical records will be available for your future care.

At ARC it is our standard that we support our partners and take care of each other's patients. I have complete trust that my colleagues are more than happy to welcome you to their practice and will take excellent care of your health. I recommend the following **family medicine (FM)** and **internal medicine (IM)** providers at the following ARC locations:
